**ATTENTION EDUCATORS!**

Organize a school trip to MWROC and you'll receive complimentary tuition for yourself, reduced tuition for chaperones, and GREAT discounts for your students!

Drawing on their substantial knowledge and expertise, our incredible faculty offers an amazing selection of practical courses that will **enhance your skills on every level and in every performance environment.**

Days are filled with a wide variety of classes for campers to choose from and are capped off by faculty concerts every evening, after which campers and staff get together in our "Cafe Rock and Wreck" for **individual camper performances, group jam sessions, and experiencing true musical camaraderie.**

Based on placement auditions submitted prior to camp, attendees are assigned to either the Beatles (beginner/intermediate) or Zeppelin (advanced) Orchestras and, in addition to all of our great classes, will spend a portion of each day rehearsing for a massive concert event, open to the public, on the final night of MWROC where they can **demonstrate all the skills and techniques they've acquired during the week.**

I wish all musicians, whether you're a student or a teacher, could find the time and means to attend this camp. Music education is changing and needs to change. **We need to put Beethoven and Beatles in the same class and not be afraid of it.** We need to teach kids how to read the notes on the page as well as how to read charts for a rock song. If you're a teacher reading this, you need to add this as an important part of your curriculum.

~ **Lucas Shogren, 2013 Faculty Member, Orchestra Director, Robbinsdale Cooper High School (New Hope, MN)**

It was so nice to be in a place... where everyone supports each other, is positive, and has the passion for music just as I do. I've been to many camps/workshops, but this one is different. My only hope is that one day I can influence the lives of others as you have influenced me. **You ... made us want to ... break down another layer of that barrier holding us back from greatness.**

~ **Lacie (educator/camper)**

All of the students are truly blessed with the priceless gift of being able to learn from the most talented musicians on the planet! I know Kevin's life will forever be influenced by his experiences at MWROC! **A huge thanks to Mark Wood all for giving the artists of tomorrow this amazing opportunity!!!** ~ **Michelle (parent of camper)**

Thank you to the faculty for teaching us the things that will stay in our musical vocabulary for the rest of our lives and that will guide us to our musical successes. You have shown me both how to sing and feel it and how to POUR my heart and soul into the sound that is coming from my instrument... ~ **Abby (student/camper)**
